

I live in a rural area that is limited to the influence of a predominant faith which is not of Christian origin.

K-Love serves to encourage those who are Christian to make good choices in raising strong, loving families, being better neighbors, better employees, and encourages our reaching out to our community. It is "safe" for the whole family (including children) to listen to as well as there is no profanity, no sexual content, and the communication is respectful to each other and to the listeners. If you displace K-Love from the air in our community, we have no other options available to us for positive and encouraging listening. This is a publicly supported ministry. It is not free to us, we support it financially because we need it in our area desperately. Please work to keep it on the air.

Sincerely,

Suzanne M Schoonen
